

# JUNE BEER BUCKET LIST

## HIGH GRAVITY BEERS AT BLUEGRASS BEVERAGES

---

- ❑ **Brooklyn Local 1, Brooklyn Brewery**  
The combination of easy drinking flavors and champagne texture in this beer makes it a winner. The carbonation dies down after the first 15 minutes or so and leaves you with a wonderfully sippable beer that hides its heavy 9% alcohol almost too well!
- ❑ **Green Flash West Coast IPA, Green Flash Brewing Company**  
This is a well-rounded and well-made IPA. Hoppy, and on the citrus side. It is new to Tennessee, and we were glad to jump on the train early.

## LOW GRAVITY BEERS AT BLUEGRASS MARKET & DELI

---

- ❑ **Leinenkugel Summer Shandy, Jacob Leinenkugel Brewing Company**  
The name of this beer is perfect. Take it to the pool, or out on the boat, and you won't be disappointed. It is a summertime drink through and through. If you love lemonade and you love beer, we're not sure why you haven't tried Summer Shandy yet.
- ❑ **Caldera IPA, Caldera Brewing Company**  
We love our hops and this beer delivers in a big way. The mixture of malt and hops in this beer are absolutely amazing with grilled steaks and burgers. It slides from salty to sweet to dry on the tongue and helps every bite of your steak stand out. Don't grill without it. Beer boiled brats anyone?

## ON TAP AT THE GROWLER STATION AT BLUEGRASS MARKET & DELI

---

- ❑ **Mayday Velvet Hustle, Mayday Brewery**  
This is an awesome beer that is made locally in Murfreesboro. It is a pale ale that is strong on hops and citrus flavors, especially grapefruit. It goes down smooth, and you can get it straight from the keg at Bluegrass Market! We've done the math, and this is one of the best pale ales you can get for the money at our growler price.
